Columbia, SC 29210 | (843) 642-4082 | kennedydylanm@gmail.com | LinkedIn.com/kennedydylanm

EDUCATION

University of South Carolina Honors College

May 2027

Bachelor of Science in Chemical Engineering

GPA: 3.86

Awards: Dean’s Award, Barnhill Family Honorary ChemE Scholarship, Palmetto Fellows Award

EXPERIENCE

Enviva Biomass – Greenwood, SC

May 2026 – August 2026

Engineering and Operations Intern

- Developed and presented a project scope using Excel for a chemical additive designed to eliminate Wet Electrostatic Precipitator (WESP) cleaning requirements, saving the company over \$150,000 annually.
- Reviewed Piping and Instrumentation Diagrams and analyzed real-time plant data to improve the overall chemical and financial efficiency of the WESP.
- Led a continuous improvement initiative by conducting operational cost analyses on WESP parameters, directly translating physical chemical processes into measurable monetary impacts for the facility.
- Performed Root Cause Analysis and applied data-driven decision-making to troubleshoot open-ended manufacturing problems while maintaining compliance with Process Safety Management standards.

University Housing – Columbia, SC

March 2025 – Present

Resident Assistant

- Provide peer mentorship and resources to 28 residents, assisting with academic and personal challenges.
- Enforce school policies and resolve conflicts during emergencies to maintain a safe living environment.
- Received formal recognition and an award for maintaining above a 3.5 GPA while successfully balancing all administrative and mentorship duties.

PROJECTS

Vitamin Cube

February 2025 – November 2025

Presentation Team

- Spearheaded research into novel chemical additives for a Solid Direct Air Capture (S-DAC) system, discovering that pyrolyzed mandarin peels treated with KOH successfully captured 6 wt.% CO₂.
- Pitched a comprehensive business model and process scale-up strategy to a panel of industry judges acting as investors, earning 2nd place internationally.

LEADERSHIP EXPERIENCE

American Institute of Chemical Engineers (AIChE)

August 2024 – Present

Vice President

- Secured over \$5,000 in funding and sponsorships to directly support the university's chemical engineering competition teams.
- Started the organization's LinkedIn page, amassing over 450 followers and cultivating a robust network of club-specific alumni and industry professionals.

SKILLS

Technical: MATLAB, AutoCAD, Python, Operational Cost Analysis, P&IDs, Root Cause Analysis

Certifications: Lock Out/ Tag Out (LOTO), Confined Space, General Plant Safety, Hazardous Waste

Languages: English (Native Proficiency), Spanish (Working Proficiency)
